In the Listing of the claims:

This list of claims replaces all prior versions and listings of claims in this application.

- 1-2. (Canceled)
- (Currently Amended) A portable case according to claim 1 in which a mirror for reflecting light from skin is installed in a cover body for opening and closing a case body including a storage part, comprising:

a light source part having plural types of light-emitting elements placed in said case body in order to vary the hue of light directed toward skin of a user of the portable case;

a battery for powering the light source part; and

selector switches for selectively switching the type of the light emitted from the lightemitting elements,

wherein said light-emitting elements are placed within a concave part near a portion where said cover body is attached and <u>are mounted on an</u> area inclined forward and upward so as to emit lights in the front and upward direction <u>of said case body</u> from a rear portion of said case body.

4. (Previously Presented) A portable case according to claim 3, further comprising: a light control means for controlling the brightness of the light emitted from the light source part.
